Please do not block trash carts, bulk items, yard debris, limbs, etc. on your service days. If service vehicles and equipment cannot access your containers, your neighbor's containers or debris because of your vehicles or guest vehicles, you will not be serviced. # Exciting Things Around Sangaree

## NOW, THAT LOOKS BETTER!

If you visit Raintree Park frequently, you may have noticed a gentle upgrade there. Members of the Sangaree Special Tax District Crew have been at work crafting a portable restroom shelter for park visitors. It really looks great! In fact so great that Sangaree has added two portable restrooms to Sangaree Park and Crews built two shelters onsite. This was done in an effort to have Sangaree looking good by keeping the aesthetics up and meeting the needs of Sangaree residents and their guests. Thank you to the Sangaree Crew members who worked quickly and carefully to get these additions complete!

## PICKLE BALL IN SANGAREE

Pickle Ball is in full swing in Sangaree. The layout of the course has been completed and the players were waiting to play before the paint was dry. It has been a huge success and many are showing up in the cooler mornings to play. The Pickle Ball court is located in Pierre Park and is open from dawn to dusk. Come check it out! It's a lot of fun!

## DISC GOLF HAS TAKEN OFF IN SANGAREE!

This Summer, the Sangaree Disc Golf Course was installed. Players were using the course before it was open! It has brought a lot of excitement to the Sangaree Tax District with many residents enjoying the cool morning play. In July alone, the UDisc app reported over 338 rounds/1318 hours of Disc Golf were played. Thank you to the residents for responding to the survey in 2019 and recommending so many fun new activities for Sangaree!

### IMPORTANT REQUESTS FOR ALL NEIGHBORS IN SANGAREE

**PLEASE DO NOT THROW DEBRIS OVER YOUR FENCES, INTO DRAINAGES DITCHES, GREEN SPACES, ETC.** We cannot stress this enough. It continues to be a problem for your Sangaree crew and your neighbors. Also affected is the proper function of drain systems that are in place throughout Sangaree. Discarded items such as fish guts, oyster shells, furniture, lumber, yard debris, tree debris, trash, and more are causing problems within Sangaree with regards to blocking drains and water flow in ditches, negative odors, damage to equipment, unsightliness, and most important - injury to crew. Services are provided for removal of items such as yard debris & branches, food & household waste, and bulk items. Simply put these items at the curbside on the appropriate days in the appropriate containers. Remember, lumber, yard debris, construction items, home renovation items etc. DO NOT go into your household waste cart. If you have an item that is not eligible for pick-up, it can be taken to any one of the Berkeley County Convenience Centers available. The closest one is just 10 miles away. Thank you for your attention to these important issues.

**PLEASE DO NOT DRAIN YOUR POOLS INTO THE STREET OR INTO STORM DRAINS AND DITCHES.** Never drain your swimming pool water into storm drains, curbs, gutters, ditches, catch basins, channels, or property that is owned by somebody else. The storm drain is not the same as the sewer system, which is where this wastewater belongs.

Why is it bad to drain pool water in the street or in public places? Draining pool water that potentially contains chemicals presents a hazard to the environment. The water can harm fish, animals, insects, and aquatic plants. The water from your pool is oxygen-deficient at this point, so it can kill those species that rely on water for life. The damage can be catastrophic to the balance of the ecosystem. Another problem with draining pools inappropriately is erosion. The erosion along banks and streams can cause issues for years to come. Draining pools also can result in flooding; you could be unknowingly flooding the homes of your neighbors who live downhill or next door. To report illicit dumping of pool water or to receive guidance on proper pool draining, please contact Berkeley County Stormwater Management directly at 843-719-4195.

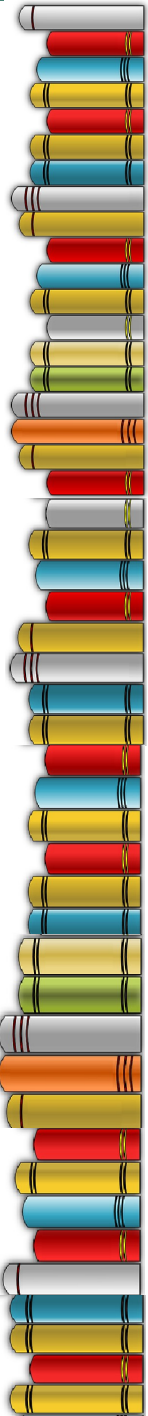

**Hurricane Season Reminder:** Berkeley County Government has published its latest Hurricane Guide for the 2023 Storm Season. All three translations of the Guide can be accessed digitally via the homepage of the County website at [www.berkeleycountysc.gov](http://www.berkeleycountysc.gov) or at the county building in Moncks Corner. Stay Safe! Stay Prepared!
